Dear Parents and Friends,

Kyabram P-12 College has a mobile phone policy which has been very successful over the last two years and I would like to thank all staff, students and parents for their continued support. The College introduced this policy to avoid unnecessary disruption to students’ study from phones being used in class. The policy outlines the processes to follow if the phone is heard, seen or used; it is confiscated by the teacher and placed at the front office until the end of the day. Continued misuse will result in parent interviews and other disciplinary action. In recent weeks we have noticed an increase in phone use in classes and the breaching of this policy by some students. The College will adopt a new slogan to reinforce our approach to this issue, – ‘Heard, Seen, Used ....Gone!’ We will introduce this message to students over the next few days and place reminder notices in class rooms across the College.

In the Primary Campus, mobile phones are not to be used in the yard at recess or lunch times. If needed students may have a phone in their school bag for the purpose of important communication with parents/guardians.

A reminder for parents that our mid semester Parent/Teaching interviews will continue next Wednesday afternoon from 4.00pm to 7.00pm for students in Years 7-12. I would encourage parents who may have not registered for interviews to do so immediately. Our interviews provide us with an opportunity to discuss your student’s progress and for us to support you as an important person in your student’s development and learning. I also look forward to using our interview evenings as an opportunity to meet more of our parents during this time.

Communication with our community is important in developing strong relationships between the College, families and surrounding communities. We are also conscious of the need for our communications to be clear and up-to-date. The College now offers a variety of communication tools to deliver the information traditionally found in our newsletter or ‘notes’ being sent home.

The College website has information and links to our Facebook page and Compass (student and parent communication tool). All parents have been given instructions as how to access Compass and if you need further support please don’t hesitate to contact the College. The College will also be adding SMS to our tool kit of communications to inform our community of important events. Of course where the personalised approach is needed the phone or appointments are still important avenues of communication at Kyabram P-12 College. The College would appreciate any feedback on the introduction of these communication tools.
The College’s Uniform policy was developed by parents, students and College Council on the establishment of Kyabram P-12 College. Our policy is on the College website and was developed to meet the needs specific to our school and the curriculum that students undertake at the College. In recent weeks we have seen an increase in students being out of uniform. The College needs parents to support the College Council’s policy on uniform to ensure unnecessary time and effort is not wasted on this issue. If families need support with uniform, please don’t hesitate to contact us so we can help you and thus avoid any unnecessary distraction from our core business.

Our VTAC information evening for Year 12 students applying to do further study in 2016 is this Monday evening in the 10-12 Building. The evening will provide students and parents with important timelines and information about the course selection process, accommodation and scholarships. There will be a number of teachers who have worked in the Careers and Pathways area available to answer questions. The evening will commence at 7.30 pm.

The College is very excited about the Kyabram – Shiroi Exchange which begins next Tuesday with the arrival of students and teachers from Shiroi, Japan. The group will be with us for eight days and during this time will experience life in country Victoria. They will be attending a number of school and civic functions, as well as accompanying our students to classes at Kyabram P-12 College. I would like to acknowledge Mr Morrison for all the work he has put into developing and organising this important cultural exchange. I am also sure that everyone at Kyabram P-12 College will benefit from experience in the immediate and long term. Sayonora

Chris Eeles
Acting College Principal

P-6 Assistant Principal Report

KINDER VISITS 2015

Local kinder children from Fenaughty St and Unwin St Kindergartens will be visiting our Primary Campus on the following dates:

**Unwin St Kinder:** 11th and 12th August 9am – 11am
**Fenaughty St Kinder:** 18th and 20th August 9am – 11am

The program for these visits is:
*Welcome and Tour on arrival*

9.30am: Get to know you game
9.40am: Big Book - *The Hungry Caterpillar*
9.50am: Making Caterpillar Hats
10.15am: Making fruit kebabs
10.45am: Play on the play ground
11.20am: iPads
11.30am: Say goodbye

**QUANTUM – MR DAVISON**

Over the next few weeks Grade 5 and 6 students will be attending Quantum Victoria to participate in various Mathematics and Science activities.

Using the Xbox Kinect, Grade 6 students will be active participants in the exploration of the concepts of mean, median, mode and range, through activities like Ten Pin Bowling and Track & Field events.

Grade 5 students will participate in a challenge that involves some construction and programming of robots to complete tasks around a Lego city. This program covers key areas in Science, Technology, Engineering & Mathematics.

We are very lucky to be invited to participate in this program and I encourage all students to make the most of this opportunity.
PRIMARY GROUNDS WORKS
Year 10 and Year 11 students are currently working on projects within the Primary Campus as part of their Building and Construction studies. They are working on improving stairs, and bench seating near the Performing Arts building and along the oval. Thanks to Lionel Curling for all of his work on these projects.

SHADE STRUCTURES
I am sure that everyone will be pleased to hear that plans are underway for shade structures to be placed over our three primary playgrounds. We are hoping that work here will begin in the next school holidays, which will mean that the shade will be in place for the upcoming summer – great news!

2015 KYABRAM DISTRICT PRIMARY SCHOOL SPORTS
A reminder to all that 2015 Kyabram District Primary School Sports will be held on Thursday 27th August on the Secondary Campus oval. I know students are very excited about the opportunity to “have a go” and try their best.

BOOK WEEK – CHARACTER DRESS UP DAY
On Friday, 28th August students in Prep-6 have the opportunity to dress up as their favourite book character. At 9:15am all classes will meet in the P-2 Community building for a parade. Parents are more than welcome to join us and see the great ideas and the costumes kids come dressed in. There is no cost involved in this.

P-4 Awards
Congratulations to this week’s award winners.

Year 2 News
In science, Year 2 students have been investigating what detergent does, observing what happens to coloured drops in water and milk when detergent is added. We have also been looking at what happens to fruit when it dries out – this is one science experiment we will actually be able to taste! The mouldy bread experiment has reached its peak – even the untouched bread is now sporting a thick coat of fuzz on the crust. We are now planning to see what antiseptic, water and sanitiser does to the mould.
In Maths we are learning to add accurately, remembering to keep our numbers straight and start with the units! Many children would benefit from some extra practice at home with basic number facts; addition snap (put down two cards, add them and keep them if you’re right) is a fun way to practise.

Many students have been focussing on their pencil grip – we want our children to be fluent writers in the future so it’s important that their grip is correct. Ask your child to demonstrate!

Goals for semester two are going home today – we hope you will take the time to discuss these with your child, particularly the Social Skills and Work Habits section at the top. Please see your child’s teacher if you have any questions about these.

Prep-2 ‘Good Value Concert’
Keep September 16th and 17th free, please, for all Grade Prep, 1 and 2 students to attend the evening concerts at the Plaza Theatre.

Working Bee
A huge thank you to the parents, teachers and friends who attended the working bee yesterday or who have offered to take jobs home to help us for the concert.

We would still appreciate more parents returning the two page mauve note with ways you would like to help our concert. If everyone does a little the job is fun and we all keep sane!

Thank you to our Helpers:
Griffiths family, Levi Stevens, Scarcella family, Harris family, Doolan family, West family, Martine and Oliver Elms, Kate, Lexie and Catriona Baldwin, Morgan family, Porch family, Ms Goff, Miss Campbell, Miss Harvie, Miss Edgar and Liam Henson, Miss Robbers, Marr family, Mrs Whitley, Mrs Chapman, Mr Sceney and Mr Nibbett - hope we remembered all the generous helpers!

Year 3/4 News
Camp
Our Oceans theme camp to Melbourne was fantastic thanks to all the preparation put in by Kate Whitford and our team. The students were very well behaved and we are proud of them. Thank you to the parents who came and helped us out; it wouldn’t be the same without them! Camp was filled with fun-packed activities and many fantastic memories were made. It is always interesting to find out the students’ perspective of camp from their writing; stay tuned for some examples in the near future.

Words Their Way – New Spelling Program
We are excited about starting this new program and you should have received a letter explaining what it’s about. New words are given every Monday and your child should bring home their Spelling Homework book throughout the week. The homework activities should be completed and handed in on Friday of every week. Inside the homework book is a list of what needs to be done with the ten chosen spelling words through the week:
1. Write out your list words.
2. Write each word in capitals.
3. Write each word in fancy writing.
4. Write your words in alphabetical order.

Extra: Write five of your words in a separate sentence.
At school, every day, we will be completing sorting activities with the spelling words to assist students in getting to know their words.

Start Smart – Commonwealth Bank
On Thursday, this week, each class is involved in a money and budgeting talk/program given by the Commonwealth Bank called ‘Start Smart’. It includes some giveaways, so it should be fun.

Ocean Creature Projects
Students will be asked to choose an ocean creature to write a report about and present their information in a chosen format. Any assistance you can give in assisting your child with their research is appreciated.
Year 3/4 Crazy Hair/Loud Shirt Day and Disco

Last term many College students celebrated the start of winter with a Crazy Hair/Loud Shirt day but the Grade 3/4 students missed out as they were enjoying their District Athletic Sports and could not participate. Student Council promised them an opportunity to have a fun day too and we are pleased to announce that on Wednesday 2nd September there will be a special treat just for them. A gold coin donation will cover the costs of running this event.

The Grade 3/4 Crazy Hair/Loud Shirt Day will be combined with a lunchtime disco. Students wearing Crazy Hair or a Loud Shirt will receive free entry to the Disco in the 3/4 studio but students in regular uniform that day will need to contribute a gold coin to participate. Prizes and lots of fun will be on offer as the Year 9 Pulse Radio group will again provide the entertainment. We look forward to seeing you there.

Student Council

Year 5/6 News

Term three is shaping up to be another action packed and engaging term for our students.

Today we have our first two grades (5/6 D and 5/6 B) heading down to Quantum in Melbourne. 5/6 P/A and 5/6 R will be going Tuesday, 1st September and 5/6 M and 5/6 P/B will be heading down Thursday, 3rd September. This excursion provides our students with wonderful hands-on experiences in technology, mathematics and robotics. A big thank you must go to Mr Davison for organising this opportunity.

This term in writing we are focusing on biographies. Students have explored the structure and content of biography writing and are now completing their first piece about a fellow class member. The major writing piece for the term will require students to choose an influential person from the past who played a role in shaping our country.

Next week we will begin ‘Our Heritage’ immersion rotations. Students will attend a session on each of the following topics: World War 1 / Remembrance Day, Gold Rush, Migration, Indigenous Australians, Eureka Stockade and British Colonisation.

7-12 Principal Report

Danny Walsh

REPORTS AND PARENT/TEACHER INTERVIEWS

Parent-teacher interviews provide the best opportunity to learn about your child’s progress, and are an important step in creating positive home/school communication in order to maximise your child’s learning outcomes. The second night of Years 7-12 Parent/Teacher interviews will be held on Wednesday 19th August between 4pm and 7pm in the Years 10-12 Village building. All bookings are made online through Compass and will close at 9am on the morning of interviews. If any parent have lost their log on details, please call the office on 58512100.

OUTSIDE THE LOCKER ROOM PRESENTATION

On Tuesday 18th August, all years 8-11 students will be involved in a presentation from ex-Carlton footballer Jake Edwards, in regards to responsible decision making, drugs, alcohol and mental health. Students in Years 8 and 9 will attend between 9:15am-10:45am and Years 10 and 11 from 11:40am-1:10pm. This will be held at the Bocce Club.

LEARNING CURVE NEWSLETTER ARTICLE

Each week I would like to include a parent newsletter article from The Learning Curve which is in line with the Secondary student planner. I hope you find these articles valuable.

Solving Problems

Cultivating in our students resourceful and reflective habits for a lifetime of learning in an ever changing world is a challenge that all teachers face. With the amazing rate information is being created in the 21st century, “knowing stuff” learnt through the 20th century learning and teaching transfer of knowledge paradigm is no longer relevant. The world now needs good people who can think logically, strategically and ethically solve problems. Encouraging students to use their signature strengths in solving problems will bring high quality solutions.

Our learners now need to be able to:
- Experiment, imagine, visualise and question what is happening around them.
- Take stock of what is occurring and why.
- Use their intuition, logic, analysis and creative and critical thinking to solve problems.
- Make new connections from what they learn to extend their vision of the world.
- Find and authenticate the information they require.
True learning is the connecting and understanding of areas of knowledge and then being able to apply them to solve and analyse a series of problems or situations. To enable this, students’ thinking needs to be continuously developed through the regular usage of Habits of Minds and Thinking Tools in all areas of their learning.

An organised, resourceful and systematic approach to problem solving requires thinking to be visible for students; the steps are clearly sign posted for them. The ‘off the top of the head’ and ‘spontaneous’ methods of problem solving often end up without a logical solution, involve haphazard thinking processes and don’t thoroughly consider all possible angles.

The key components in solving any problem are very simple:
- getting started the day the problem is received
- being prepared to brainstorm and to consider a number of options; moving from possible to probable and onto preferred.
- always starting from a position of curiosity, not certainty. Curiosity leads to Clever, which leads to Certain; the 3 C’s to problem solving.

**YARD MAINTENANCE WORK**

If you are available to assist with clean up/maintenance at the College could you please contact me by email (walsh.daniel.m@edumail.vic.edu.au) or by phoning the College. We have a number of areas that require attention such as painting, pruning, edging and brushcutting.

**Year 7-9 Community News**

Our College held our Year 7 Information Night on July 23rd where we met 70 new students and parents. Domain Leaders, our Welfare team and teachers organised displays and information. Our student tour guides did a fantastic job of leading our visitors through the Secondary areas of our college.

Eleven of our 7-10 student leaders participated in a Leadership Development workshop at the Bocce Club, run by well known presenter, Kate Wilde. The group prioritised concerns that they have in our school and broader community. Their number one area of concern was self-esteem and how to create an inclusive culture within the College community. They have developed an action plan and will be working on its implementation over the next few weeks. Kate will be returning in the next month to work with our student leaders again.

The Year 9 cohort have recently participated in an Information and Communication Technology Day. The students enjoyed the day and gave very high ratings regarding their interest and learning. The contribution of the workshop presenters was amazing and the Life Skills’ group catering was sensational. We hope to have broadened our students horizons.

**Murray River Culinary Challenge**

Year 12 Student Mitchell Oates participated in the Murray River Culinary Challenge regional final at BRIT-Echuca Campus on Wednesday. Mitchell is doing Year 12 VCAL and he has chosen VET Hospitality as one of his subjects; a program he started at Werribee College last year. He worked at a local Club in Werribee one day a week as well as part of this program.

This year Mitch is doing Hospitality at GO TAFE where he won the local class competition. He has combined with a student from Rochester Secondary College to compete in the final and they have been practising for this event in recent weeks. Mitch is passionate about his Hospitality Certificate and we wish him all the best in his endeavours in the hospitality area in the future.
**Year 7&8 Football in Nathalia**

On July 29th, our Year 7 and 8 Football teams travelled to Nathalia and Waia to represent Kyabram P-12 College at Campaspe Football. Our Year 7’s unfortunately lost all their games but had a great day nonetheless. Thanks to Mykel Smith for coaching and his Year 9/10 helpers; Zaid Besim, Leighton Ironside and Kyle Fitzgerald for umpiring the matches. Our Year 8’s had a great day with wins against Nathalia Secondary College (30-9), St Mary’s Nathalia (22-20) and St. Augustines, Kyabram (46-13) and losses to St Josephs College, Echuca (33-14), Rochester Secondary College (27-15) and Echuca College (27-9). With these results the boys finished 3rd which is a great effort! Thank you to Cade Mueller (Year 10), Brad Whitford (Year 11) and Bart Phillips for coaching and to Bailey Cox and Tom Schumann for umpiring.

**Intermediate Boys Football in Swan Hill**

On August 5th, our Intermediate Boys Football Team made the big trip up to Swan Hill to represent Campaspe at the Loddon Mallee Region Finals. The boys had three exciting and hard fought wins against Sunraysia, Maryborough Education Centre and McKillop College Swan Hill but unfortunately lost by 8 points in a tight match against Catholic College, Bendigo. The boys left Swan Hill runners-up which is a fantastic effort. Thank you very much to Michael Bird for his great coaching once again and to Wayne Cowley for driving the bus and assistance coaching. Well done boys!

**Year 7 & Intermediate Basketball**

August 11th saw 3 teams from Kyabram P-12 College represent our school at the Campaspe Basketball Competition. Our Year 7 Boys teams had a tough day losing all their games but still had a great day even though the competition was strong. The Intermediate Girls also had a slow day winning 1 out of their 3 games (won by 2 points against Nathalia Secondary College) but really enjoyed experiencing a new sport and played very well against very good opponents. The Intermediate Boys had a better day winning two out of their four games, two on the siren. Three pointers by Coby McCarthy sealed a couple of wins for the boys. Thanks to Michael Bird, Mykel Smith and Marnie Blake for coaching the teams, your time coaching students is greatly appreciated.

Term 3 will also see Intermediate Girls Football in Rochester on August 17th along with Zone Athletics in Shepparton on August 31st. Thank you for everyone’s continued support of the Sports Programs at Kyabram P-12 College.

Woolworths Earn & Learn 2015

Please remember that we are participating in this program which runs until September 8th. Stickers can be dropped into the collection box here at school or at Woolies. The more stickers we collect, the more free resources we can earn!

Kyabram P-12 College Fun Run

All students from Prep to Year 8 will participate in a Fun Run around our College on Thursday 10th September. The event will begin with a warm up at 11.45am the run will commence at 12 noon (P-4 from Primary oval and 5-8 from the Secondary oval / entry to the bus bay). Run will conclude at 1pm when there will be lunch available to purchase (to be confirmed). Students can raise money by getting sponsored and entering it on their sponsor form or online. We also encourage family and friends to get involved on the day to make it a huge community event for our College. Remember to dress in house colours!

Keep getting those sponsors to support our College in raising funds! Money raised will go towards purchasing classroom and sports equipment.

If you have any questions please contact Sarah Mangan at the Primary Campus.

VTAC Information Night for Year 12 Students

For Year 12 students intending to make TAFE and University applications through VTAC, there will be an information session held on Monday August 17th at 7.30pm in the 10-12 Building. This night will cover information on making an application, accommodation options, Gap Year options, scholarships, SEAS applications and key dates.

Any queries can be directed to Louise Mellington, 10-12 Learning Community Leader

Second Hand Uniform

Parents’ Club have set up a second hand uniform shop catering for all students in the school from Prep to Year 12. Uniforms will be available at a much lower price than they can be bought for new.

If your child has outgrown any of their uniform or is leaving the school, you may choose to donate the uniform to the Parents’ Club outright or you may offer pieces on consignment, with a proportion of the sale price being returned to you.

Money raised by the Parents’ Club is used in the school to improve facilities and support programs - we hope the uniform shop will be a source of funds for them to continue their invaluable work in our school.

Uniforms for the shop may be left at any College office - please label clearly whether they are a donation or on consignment and if the latter, the amount you require for them.

For anyone interested in coming to have a look at what is available, the uniform shop will be open each Friday from 8:45 to 9:15am in the Primary Campus Office.

Excellence Through Opportunity
Why is Breakfast Important???

Breakfast is an important meal. Children who skip breakfast may lack fibre and sufficient vitamins and minerals including iron, calcium, zinc and vitamin B12. Children who do not eat a good breakfast become tired in school and have shorter attention spans, especially late in the morning. Eating breakfast can boost energy levels and metabolism.

Breakfast is considered an important meal because it breaks the overnight fasting period, replenishes your supply of glucose and provides other essential nutrients to keep your energy levels up throughout the day.

Breakfast helps improve mental performance and concentration during morning activities. Children who skip breakfast will be more sluggish, less attentive, and have less energy to carry out their morning tasks. Teachers observe that children who come to school hungry experience more learning difficulties compared to well-nourished children. Studies show that breakfast eaters perform much better in their school work and show extra energy in sports and other physical activities. Besides assuring optimal development and growth, positive effects on alertness, attention, performance on standardized achievement tests, and other skills important for academic success are enhanced for those who eat breakfast on a daily basis.

Glucose is the body’s energy source. It is broken down and absorbed from the carbohydrates you eat. In the morning, after you have gone without food for as long as 12 hours, your glycogen stores are low. Glycogen is the glucose that has been stored in your muscle tissue and liver where it is released slowly overnight to keep your blood sugar levels stable. Once all of the energy from the glycogen stores is used up, your body starts to break down fatty acids to produce the energy it needs. Without carbohydrate, fatty acids are only partially oxidised, which can cause reduced energy levels. Eating breakfast restores your glycogen stores and boosts your energy levels, as well as your metabolism for the day.

Skipping breakfast
Extensive research in Australia and overseas has found:

- Many children who skip breakfast are significantly heavier than those who eat breakfast.
- Skipping breakfast may diminish mental performance. Eating breakfast may aid learning, as you are better able to pay attention and are more interested in learning.
- Eating high-fibre breakfast cereals reduces fatigue.
- Children who eat an inadequate breakfast are more likely to make poor food choices for the rest of the day and in the long term.
- People who eat breakfast have more nutritious diets than people who skip breakfast. They also have better eating habits as they are less likely to be hungry for snacks during the day.

Snacking
People who skip breakfast tend to nibble on snacks during the mid-morning or afternoon. This can be a problem if those snacks are low in fibre, vitamins and minerals, but high in fat and salt. Without the extra energy that breakfast can offer, some breakfast skippers feel lethargic and turn to high-energy food and drinks to get them through the day.

If you do skip breakfast, try a nutritious snack such as fresh fruit, yoghurt, a low-fat muffin or a wholemeal sandwich to help you through that mid-morning hunger. Going without breakfast becomes more common with advancing age.

Mid-morning snack time
Some people find that the thought of food first thing in the morning turns their stomach. If this is the case, switch your breakfast to morning tea or mid-morning snack time instead.

Leanne James
School Nurse
COMMUNITY MATTERS

PORTSEA CAMP
Applications are now open for the Teenage Camp in September at The Portsea Camp. Dates Monday 21st September / Friday 25th September.
For teenagers Aged 13 Years / 16 years, cost $160.00 per child. For further information and application forms please contact AVIS WELLER 5854 6383 / 0409 438 386

JUNIOR STADIUM NETBALL
Shepparton Sports
Stadium Indoor Fridays
Netball all year round!!
9 and Under in 2015
Starting September 11th.
Netball games 4.00 or 4.45 for 12 weeks. All inclusive fee $70. Qualified Umpires and patches included.
For registration of players/teams call Kylie. 0419 998190

An Invitation
Please accept our invitation to attend the Annual Chaplaincy Fundraising Dinner
Friday 14th August 2015
at the Kyabram Bocce Club (Fischer St. Kyabram)
6.30pm Arrival for a 7pm Dinner
Catered 2 course Dinner. Drinks at bar prices.
You are welcome to invite other guests or to organise a table of 10. For catering purposes can you please
RSVP to Sue Walley by Monday 10th August.
For Dinner bookings contact
Fab Flowers Florist & Garden. Ph 5853 1738
or by phoning / texting Sue Walley on 0409 585 052
or by emailing fabflowers@bigpond.com
or a Chaplaincy Support Group member

This is a complimentary dinner and an opportunity will be
given during the night for a donation to be made to assist us
in keeping a Chaplain in the Kyabram P-12 College. The
current Chaplain Liz Spicer is funded 50% by fundraising and
50% by the College. No Government money is received for
this position. All donations over $2 are Tax Deductible.
Please ensure you supply name & address if you would like
a receipt. Thank you.

If you are unable to attend and would like to support our Access Chaplain Liz Spicer at Kyabram P-12 College
donations can be direct deposited into the fund account:
A receipt will be issued if you email your details to
fabflowers@bigpond.com.
Kyabram P-12 College ACCESS Ministries Chaplaincy Support Group 85B 639108 Account: 190833985

Our Special Guest Speaker is national netball champion, Tegan Philip.
Tegan Coldwell, recently become Tegan Philip, is a netball star for
the Melbourne Vixens. She was also part of the successful
Commonwealth Games squad
who brought home gold from
Glasgow 2014.
Perhaps her greatest feat was her
best on field performance in the
Vixen’s 2014 premiership win over
Queensland when she shot 30
goals from 35 attempts as goal
attack. Brought up in Anglesea,
she loves camping, swimming,
surfing and animals.
