Dear Parents and Friends,

Last week the secondary campus commenced its “Flying Start” program and once again it has been a great success. The program provides students with an opportunity to meet their 2016 teachers and get well underway for next year’s studies. For our VCE students this time is very valuable and while study isn’t always on the agenda in January, work started in Flying Start can be completed over the holidays in preparation for next year’s program. Any extra preparation, the reading of novels or research undertaken, will all help lessen the end of year pressures. Our Flying Start program finishes on Friday 4th for the VCE students of 2016 but other levels (2016-8, 9 & 10) continue in the program until Friday 11th December. The last week of school will see activities organised for students and the last day for students will be Thursday 17th December. At our primary school campus, classes run until the 17th December.

This year’s state-wide Orientation Day will be on the Tuesday 8th December. Across the state students in Kindergarten through to Grade 6 move into their next year level for part of the day, or in the Grade 6 students’ case at Kyabram P-12, three days. Students in Prep to Grade 5 will move into their new classes from 9.30am to 12.30pm. This is an opportunity to meet their new teacher and became familiar with their new area in the school.

The College always looks forward to meeting our new students as part of the Grade 6 to Year 7 transition program. Orientation Day is often a day of mixed emotions for Grade 6 students; whilst excited about the thought of entering the College (senior school for Kyabram P-12 students), most are uncertain on how this transition will take place. Over the last 12 months Kyabram P-12 College and its partner primary schools have worked hard at reducing this uncertainty for students of moving from primary to secondary schooling. Many of the Grade 6 students have visited the College already this year as part of the familiarisation program and, as a consequence, we are looking forward to a smooth transition. Enrolments for 2016, at all year levels, are still open so if families have not enrolled as yet please contact the general office at Kyabram P-12 College, 5851 2100.

The F1 in Schools State Finals took place at Deakin University last week with three teams from our school making the journey down to Geelong to compete. Over two days of intense competition the members of Powersurge (Harry Browning-Briese; Brent Maloney; Riley McGowan and Ricky Glass); Dragon Eclipse Racing (Luke Head; Matthew Jackson and Elijah Carney) and KOS Racing (Zac Warde; Anniel McDonald and Xanthe Young) raced the F1 model cars they had designed and built, the cars covering 20 metres in a little over a second. Dragon Eclipse Racing had the second fastest car in the state with a lap time of 1.097 seconds.
Students were also required to undergo a series of interviews with industry professionals from Autodesk, CAMS and various marketing businesses during which they explained and justified their design choices, project management and marketing strategies. At the end of competition Powersurge were awarded best in their class in three categories: Best Managed Enterprise; Outstanding Industry Collaboration; and Best Manufactured Car. They also were awarded 3rd place in their class and have been invited to attend the F1 in Schools National Finals in Sydney from 28th February to 4th March next year. We would like to thank the sponsors of the F1 teams for their generous contribution to the program: Greenhams; Jamestrong and Mister Embroidery.

Left to Right: Elijah Carney, Matt Jackson, Luke Head, Xanthe Young, Anneil McDonald, Zac Warde, Riley McGowan, Harry Browning-Briese, Ricky Glass, Brent Maloney, Charles Njock

Left to Right: Joe McCauliffe – Victorian F1 in Schools Co-ordinator, Ricky Glass, Harry Browning-Briese and Brent Maloney

PARENTS’ CLUB FAMILY CHRISTMAS NIGHT
Thank you to the Parents’ Club who are planning a Family Christmas Night for Thursday December 10th between 5:30pm - 7:30 pm. The night will be fun filled with food, auctions and surprises.

We are hoping to see lots of families to help celebrate 2015 and the festive season.

CHURINGA 2015 - ALMOST FINALISED - DON’T MISS OUT!
The Churinga school magazine showcases the College’s events for the year. This is a great magazine which looks over the year’s events and is a keepsake for students for the future, to remember their years at the College.

The 2015 Churinga magazine is currently being finalised and will be ready before the end of the school year. If you would like a copy, please finalise your payment of $15 at the College office by over the next few days. This will mean that you receive a copy and don’t miss out.

MATERIALS AND RESOURCE COSTS
Family Statements are being mailed home this week. Thank you to families who have finalised their payment for 2015. Please pay any outstanding amounts by Friday December 11th.

Primary Campus information regarding Materials and Resources for 2016 will be sent home to families early next week to the eldest child in each family which will include information on costs for 2016 and payment options including payment by instalments. If you have any queries, please do not hesitate to contact the Office Team.
P-4 Awards

Congratulations to this week’s award winners.

P-6 Assistant Principal Report

David Jenner

2015 Last Day for Students: - Thursday 17th December 3:20pm finish

2016 First Day for students: - Friday 29th January

END OF YEAR CELEBRATIONS

As we wind down towards the end of 2015, our students and teachers are beginning to reflect upon the year, and celebrate achievements and successes. It is also a time that we all begin making plans for 2016 through setting goals and targets. These goals may be wellbeing and/or learning goals. I encourage all parents to be mindful of these conversations taking place, and I also encourage students to be thinking and talking about goals at home with their families. The better we can prepare for 2016 with our thinking, the more we increase our chances of goals being met.

Our 5/6 students enjoying summer activities!

CLASSES FOR 2016

Our staff have been working through an extensive process in regards to student placement and classes for 2016. A great deal of discussion and consideration goes into the team work that takes place when making these decisions. Staff consider:

- Friendship groups
- Social & emotional welfare
- Academic abilities

- Teaching and student relationships
- Class structures
- Resources

These decisions are always made with the best intentions considered for each individual student. Our school appreciates your support and understanding here.

PREPARING FOR SCHOOL – TIPS FOR STARTING SCHOOL – VICTORIAN DEPARTMENT WEBSITE

Preparing your child for the start of primary school will help them feel more confident about the big changes that are about to happen and what to expect at their new school.

In preparation for this important chapter, you can help your child to develop a love for learning so the move is a happy and positive one.

From the year before until the day they start school, there are a range of ways you can prepare your child for their new environment.
Leading up to the first day of school:

Before your child starts primary school, you can begin to focus on different aspects of school life. Having discussions about school and encouraging your child to become more independent can help them better adjust to the new learning environment.

Things that you can do to help your child prepare include:

- asking your child what they think about school
- encouraging your child to ask questions about going to school
- encouraging your child to do things on their own, such as dressing, washing their hands, going to the toilet, unwrapping their food, and opening their drink bottle
- talking to friends and other families about what school is like
- attending transition-to-school programs at your child's new school
- talking to the school about how you can be involved in your child's life at school
- talking to your child's early childhood professional about other things you can do at home to help your child's learning and development.

Music 2016

In the next week students from grades 2-5 will receive a mauve coloured notice to fill in before the end of the year if they want to take up our P-12 elective music program.

Enquiries to Sue Meeking

Prep News

We have all had a fantastic time at the Prep Swimming Program this week. The Preps have learnt and practised a number of new skills, from blowing bubbles to torpedo kicks as well as using floating devices.

Thank you to Tim, Margie and Adam at Infinity Health Club for taking our swimming program and a special thanks to all of our parent helpers who have offered their time and support!

Grade 2 News

The year is fast coming to a busy close for our current crop of grade 2 students, with the next few weeks full of swimming lessons, Orientation Day, final practice of tricky new concepts and reminding ourselves of just how much we’ve learned this year. We are very pleased with the progress made by our grades not only academically, but also in regards to independence, behaviour, social skills, organisation and resilience. Such a lovely group of children – we will miss them when they move up next year!

Please remember that, with swimming lessons next week involving walking to-and-from the pool as well as the swimming itself, children will need to be well organised with drinks, healthy snacks and sun-smart clothing. As already mentioned on the notes sent home, children will need a swimming shirt (rashie or sleeved-tee shirt) for in the pool and, if they wear bathers to school under their uniform, please make sure they pack some dry undies to change into!

We would like to thank our many parent helpers who have assisted us in so many ways during the year, especially with escorting us up the street, costumes for the concert and hearing children read. Your contribution enriches the school experience for all students; thank you.
Grade 3/4 News

Morning and Home Reading
A big ‘Thank You’ to everyone who has supported their child with their reading this year. Your support at home plays a huge factor in how much progress your child makes in their reading.

**This week is the last week where students are required to come in and do their daily reading before school starts. There will be no reading before school starts for the final two weeks.

Orientation Day – Tuesday, December 8th
All students will be with their 2016 teacher until 12:30pm. Teachers are busy planning fun activities and are looking forward to getting to know their students better.

Planning Day – Wednesday, December 9th
The 3/4 Team will be spending the day planning for Term 1 next year. Students have a fun packed day planned with Specialists and other teachers.

Gymnastics
Sarah Mangan has organised to run Gymnastics sessions for the 3/4 classes throughout next week. Please remind your child to wear appropriate uniform for this event (No Dresses if possible)

Family Christmas Night – December 10th – 5:30 – 7:30pm
If you are able, please contribute to our classroom hampers for the auction happening on this night: 3/4 Studio and 3/4 TL – Office supplies & 3/4 OL and 3/4 HW – Pamper Mum.
It would be great if you could join us on the night to relax and celebrate the year together.

End of Year Party – Aquamoves – December 16th - Wednesday
A note will be sent home regarding this event; one that everyone is looking forward to!

Year 5/6 News

What a busy few weeks to finish the term. The students wrapped up their Basketball SEPEP tournament last week, culminating in a student vs staff match to decide the ultimate champions. A big thank you to Mrs Mangan for her organisation of the tournament and the teaching that lead up to it; the students had a great time.

Last week we had our students present their historical projects. This was a great opportunity for our students to showcase their hard work over the past weeks. Thank you to all the family members for coming along to support your students; it was great to see the community involvement.

Next week sees the students all step up into their next year’s grade. The grade 6 students will spend Tuesday, Wednesday and Thursday as Year 7s. They will meet out the front of the Secondary College and students will need their hats, drink bottles, recess, lunch and pencil case. Grade 5s will spend Tuesday morning in their classes for next year.

5/6 will be holding an end of year assembly/celebration. The assembly will be held at 2:30pm on Tuesday, 15th December in the 5/6 Studio. An afternoon tea will follow which we are asking the Grade 6 students to supply, a slide show of photos will run during the afternoon tea. Grade 6 students will receive a certificate of completion for their primary schooling.

On Wednesday 16th all Grade 5/6 students will be celebrating the end of the year at the Kyabram pool. A permission note will be sent home next week.
On Friday, our Year 11 and 12 students for 2016 finished their Flying Start program. The students found the 7 days of classes very beneficial and that it has given them a real insight of the expectations and what's required to succeed in Senior years. Enjoy your break and recharge ready for a big year next year. Other students in Years 8, 9 and 10 have another week and finish their Flying Start on Friday 11th December.

GRADUATION BALL

On Friday 20th November, we had our annual Graduation Ball for the Year 12 Class of 2015. The night began with a number of speeches including our College Principal Mr Stuart Bott. The students were then presented with their Graduation certificate. Once the formalities were out of the way, Cointha Walkeden and Tim Richards entertained the crowd of over 350 people until after midnight. A huge thank you to Lainie Lockwood, the Grad Ball committee and all the parents who assisted in organising such a great night for all.

LEARNING CURVE NEWSLETTER ARTICLE

EMOTIONAL WELLBEING/BOOSTING WELLBEING

The World Health Organisation predicts depression will be the world’s number health issue by 2030. One in four young people will experience emotional health issues. The adolescent mind is often a turbulent place, balancing the demands of family and friends, coping with pressures of school, dealing with puberty and living up to the expectations they have of themselves. Supporting teenagers to maintain a healthy emotional functioning level and not let their worries escalate into more serious emotional wellbeing issues is an ongoing challenge for all parents and teachers.

Unfortunately in today’s society, we spend much of our time pulling teenagers out of the river after they have fallen in. A far more proactive approach is for us to walk upstream and stop them falling in the river in the first place. The time to fix the roof is when the sun is shining, not when it begins to rain. It is very difficult to initiate positive dialogue with students who are already suffering from emotional health issues.

The goal is to empower students to build their sense of emotional wellbeing through using their signature strengths and growth mindsets. Every day they can add to their wellbeing banks by looking for what is right and having positive experiences. There are many organisations set up to support people who suffer from these issues; they do a wonderful job assisting people to regain their normal functioning levels. This week students will be investigating some of these organisations to provide insights on emotional illness and the associated warning signs. Open and trusting communication lines between students, parents and teachers enable opportunities for proactive programs to be put in place to future proof their emotional wellbeing.

YARD MAINTENANCE WORK

If you are available to assist with clean up/maintenance at the College could you please contact me by email (walsh.daniel.m@edumail.vic.edu.au) or by phoning the College. We have a number of areas that require attention such as painting, pruning, edging and brushcutting.
7-9 Community Report

Vivienne Thomas

YEAR 6 TRANSITION INTO YEAR 7

We are looking forward to having our new year 7’s with us next Tuesday, Wednesday and Thursday for our Transition days. If you will continuing your education with us at next year, please meet at the front of the College near the library by 8:50am next Tuesday. We will then take all new year 7’s to the Year 7 Community building to start their classes for 2016.

All student should bring
- their pencil case
- a book to write in
- A hat
- A drink bottle and food for recess and lunch.

We are looking forward to having you all together. If you have any questions, please contact Renee Howell, Year 7 Coordinator or Vivienne Thomas, year 7-9 Community Leader.

T20 Blast West Regional Final in Melton

On Tuesday November 17th, nine Year 8 boys competed at the T20 Blast West Regional Cricket Final in Melton. This is a school competition that is run by Cricket Victoria. The boys played a total of 3 games for the day, just missing out on playing in the final to see if they had what it takes to make it to the State Final at the MCG. In the first game, the boys played last year's winners, St. Josephs College Geelong. Unfortunately the boys were defeated, but hope wasn't lost. In the second game they came up against Mt. Clear College and won by a large margin, which boosted their confidence. The last game was also a clear win for the boys when they defeated Baimbridge College Hamilton. With our results, we finished 2nd in our pool and 3rd overall in the Year 8 Boys Competition, which is a great effort!

Special thanks must go to Al Barrett for driving the bus and Michael Bird for his great coaching.

What a great way to end off a fantastic year of sport in the Secondary Campus!

COLLEGE NEWS

Immunisation

The Shire of Campaspe Immunisation Team visited your school during 2015 to provide Boostrix (Diptheria, Tetanus, Whooping Cough) vaccinations to Year 7, 8, 9 & 10 students and HPV and Chicken Pox vaccinations to Year 7.

Any student who was away from school on the day of the visits may obtain these immunisations from the Shire of Campaspe at our monthly immunisation sessions.

Session times are available from the school office, or by contacting the Shire of Campaspe 1300 666 535

Library

The college library is now closed for student borrowing. Please check with your child if they have books to return. It is important that all books are returned for the continued operation of the library.
**Ky Bandits’ Record Breaking Ride at RACV Energy Breakthrough**

Kyabram P-12 College once again sent a team of students to Maryborough to take part in the RACV Energy Breakthrough. To say that they did a brilliant job is an understatement. Anyone who has been to the event understands the scale of it and the work that's required to compete in it, let alone finish the final endurance race.

The eight students from Years 10-12 did a great oral presentation to a panel of judges and made it through the rigorous scrutineering process, enabling them to take part in the final 24 hour race. While a few issues arose, the team and their support crew were able to overcome them, while maintaining their optimistic and supportive attitude all the time.

The track had been extended this year to cater for the inclusion of the EEVs (Energy Efficient Vehicles) in our race, but our 8 students adapted well and were incredibly consistent throughout the entire 24 hours, which is no mean feat. In the 24 hours, the team managed to complete 394 laps, which meant they pedalled 625kms - a brilliant effort!

They represented the school wonderfully and the support and encouragement they provided to one another and other teams was excellent. They deserve big congratulations! Well done to Tim Noonan, Josh Noonan, James Thomson, Brodie Mulcahy, Chris Walsh, Kyle Kydd, Ryley Cowley and Branden Hobbs. Big thanks goes to Mark Noonan and Jacki Maling in particular for their help with the team.

**Awards Night**

**Trish Bradley**

Our annual Awards Night will take place on Tuesday, 15th December at the Walter A Kuhne Hall at the secondary campus, starting at 7.00pm.

If you receive an invitation to attend we ask that you arrive by 6.45pm and move into your designated seats. Awardees will sit, in order of presentation on stage, near the front of the auditorium. Parents and family members may sit anywhere behind the front block of seats.

Students will also be required for a rehearsal at the hall on Friday morning, 11th December. We will meet at the hall at 9.15am for a full walk-through on the stage so that students are comfortable with their entry onto the stage, where to exit and where to be seated.

Recipients of awards are required to attend Awards Night in school uniform, including correct shoes. Students not in full uniform will be unable to accept their award on stage. Year 12 students should wear smart casual or semi-formal attire.

We hope you will be able to attend to share in the evening’s excitement. Our sponsors are very generous with their time and money, and we anticipate that students will demonstrate the school values of respect, responsibility and community as they make a commitment to attend this evening. We expect all awardees to be in attendance to receive their awards.

Please notify the school on 5851 2100 by Friday 11th December if your child cannot attend on the night due to a prior engagement and on Tuesday 15th December if illness prevents his/her attendance. In that way we can notify the sponsors and the Master of Ceremonies who may need to adjust their presentations and speeches.

Thank you – we look forward to a wonderful evening of celebration and hope that you can be there to share it with us.
Catching head lice
Head lice have been around for many thousands of years. Anyone can get head lice. Head lice are small, wingless, blood sucking insects. Their colour varies from whitish-brown to reddish-brown. Head lice only survive on humans. If isolated from the head they die very quickly (usually within 24 hours).

People get head lice from direct hair to hair contact with another person who has head lice. This can happen when people play, cuddle or work closely together. Head lice do not have wings or jumping legs so they cannot fly or jump from head to head. They can only crawl.

Head Lice
Many lice do not cause an itch, so you have to look carefully to find them. Head lice are found on the hair itself and move to the scalp to feed. They have six legs which end in a claw and they rarely fall from the head. Louse eggs (also called nits) are laid within 1.5 cm of the scalp and are firmly attached to the hair. They resemble dandruff, but can't be brushed off. Lice can crawl and hide. The easiest and most effective way to find them is to follow these steps:

**Step 1** Comb any type of hair conditioner on to dry, brushed (detangled) hair. This stuns the lice and makes it difficult for them to grip the hair or crawl around.
**Step 2** Now comb sections of the hair with a fine tooth, head lice comb.
**Step 3** Wipe the conditioner from the comb onto a paper towel or tissue.
**Step 4** Look on the tissue and on the comb for lice and eggs.
**Step 5** Repeat the combing for every part of the head at least four or five times. If lice or eggs are found, the hair should be treated.

If the person has been treated recently and you only find empty hatched eggs, you may not have to treat, as the empty eggs could be from a previous episode.

Treating head lice
Treating head lice involves removing lice and eggs from the hair. There are two ways you can do this:
1. Buying and using a head lice lotion or shampoo, following the instructions on the product
2. Using the conditioner and comb method (described under ‘finding head lice’) every second day until there have been no live lice found for ten days. If you choose to use a head lice product always read and follow the instructions provided with the product carefully.

The following points may also be helpful:
- Head lice products must be applied to all parts of the hair and scalp.
- No treatment kills all of the eggs so treatment must involve two applications, seven days apart. The first treatment kills all lice; the second treatment kills the lice that may have hatched from eggs not killed by the first treatment.
- Cover the person’s eyes while the treatment is being applied. A towel is a good way to do this.
- If you are using a lotion, apply the product to dry hair.
- If you are using a shampoo, wet the hair, but use the least amount of water possible.
- Apply the treatment near the scalp, using an ordinary comb to cover the hair from root to tip. Repeat this several times until all the hair is covered. There is no need to treat the whole family - unless they also have head lice. Concentrate on the head - there is no need to clean the house or the classroom. Only the pillowcase requires washing - either wash it in hot water (at least 60ºC) or dry it using a clothes dryer on the hot or warm setting.

COMMUNITY MATTERS

FAMILY MUSIC EVENT
Students and families interested in learning to play or to simply enjoy acoustic music are warmly welcome at the upcoming 10TH annual Girgarre Moosic Muster to be held Friday - to Sunday, January 8th-10th, 2016.
All musical activities are free.

Dillmac Entertainment also takes lessons at the following schools: (not all instruments are available at all schools)

- Echuca West School
- Kyabram F-12 College (primary campus)
- Lockington Consolidated School
- Nathalia Primary School
- Nathalia Secondary college
- Sacred Heart Primary School
- St. Augustines College
- St. Francis Primary Nathalia
- St. Mary of the Angel’s Nathalia
- St.Pat’s Tongala
- Tatura Primary School
- Tongala Primary
- Merrigum Primary

2016 Enrollments now being taken!!
Kyabram & Echuca Studios

- Vocal
- Guitar(acoustic, electric)
- Drums
- Bass
- Piano/Keyboard
- Theory
- Glee (singing & movement)
- Pre-school Music (4-5 yr olds)
- Tots n Tunes (2-3 yr olds)
- Performing arts/drama (prep-yr9)
- Dance (ages 5-18 yr old)
