Principal's Report

"Excellence Through Opportunity"

Dear Parents and Friends,

**PLEASE KEEP SATURDAY 29TH AUGUST FREE IN YOUR SOCIAL CALENDAR
UPGRADE TO THE HALL FACILITIES
PARENTS CLUB FUNDRAISING EVENT - BACK TO THE 80'S**

THANK YOU

Volunteers are greatly appreciated at Kyabram P-12 College. There are many volunteers that do a lot of work in our school in many different ways.

Today I want to acknowledge Mr Tim Hathaway for all the work he has been doing around the school. Tim assists at the school three days a week picking up leaves, gardening, etc. Thank you Tim for your kindness and hard work, it is greatly appreciated.

REPORT WRITING DAY PUPIL FREE DAY - FRIDAY JUNE 12

I would like to inform all our parents and friends that on **Friday, June 12th, Kyabram P-12 College will be conducting a pupil free day for report writing, which means that no students are required at school.**

Please also remember that this Monday June 8th is a public holiday.

PRODUCTION

It is finally here! Our senior production 'Joseph and the Technicolour Dreamcoat' is on tonight (Thursday), tomorrow (Friday) and Saturday. All of these performances will start at 7:30pm. Thank you to the production team for providing this opportunity for the students of our college to show their talents on stage and for all the hard work by staff, students and parents that has gone into making this production a great night of entertainment. We hope to see many families and friends there.

Tickets are available from the College Office or at the door on the night.

PLAYGROUNDS

I would like to remind parents that when students are playing after school on the playground equipment that is not built for their age group, it is the parents' responsibility to look after their sons or daughters. The school will not be held responsible for students playing on inappropriate equipment. This is a reminder that the P-2 playground is along the path on the Haslem St entrance, the 3/4 playground is near the Prep-2 Community Building and the 5/6 playground is located at the Haslem St entrance, on the left.

STUDENTS IN OUR SCHOOL

On Tuesday this week we had a number of students compete at the Loddon Mallee Regional Cross Country in St Arnaud. Bailey Waasdorp placed 2nd and he tells us he was only seconds off winning; it must have been an exciting race. This is a wonderful achievement and Bailey will now compete in Bundoora at the State Championships on July 16th.

Also, Grace Gale finished 15th overall and Leighton Ironside finished 40th, also wonderful achievements.

Big congratulations must go to these students as well as all the other students that competed on the day - what a wonderful achievement in such cold conditions!

UNIFORM

I have been generally pleased by the support families have shown to the school uniform policy this year. Thank you to parents and guardians for supporting the uniform policy. This is greatly appreciated as looking like we are all on the same team is an important aspect of any school.

However over the past few weeks I have noticed a decline in the number of students wearing uniform.

At the start of term 3 students who come to school out of uniform will be required to change in to the school uniform that will be supplied by the school. At the end of the day students who have borrowed the uniform item will return them to the office.

If parents are able to donate school uniform items that they do not require any more could please send these in to the office, these will be put to good use.

LAST DAY OF SCHOOL

The last day of Term 2 is Friday 26th June. Students will be dismissed from school at 2:20pm. Buses will be running at the end of school.

Stuart Bott
College Principal

P-6 Assistant Principal Report

David Jenner

Prep 2016 Information Night

Kyabram P-12 College invite parents to attend our
2016 Foundation (Prep) Information Sessions

Wednesday June 10th 2:30 pm and 7:00 pm
P - 2 Community Building

Please come and see how we create a safe learning environment for your child and take this opportunity to meet our dedicated staff and discover the programs we offer.

EDUCATION WEEK – OPEN DAY

Thanks to all of our visitors who visited our College during Education Week. It was great to see families visiting classrooms, sharing activities and also sharing lunch with students. We also had many tours occur throughout the course of the day, and we are looking forward to showing many more families through our college throughout the remainder of the year. Please contact the office at any time if you would like to organise a personal tour of our College.

CONGRATULATIONS

A big “well done” to Josh Cartwright, Jay Gentle and Tait Peterson who have all made it to the Regional Finals in golf. Good luck with the next stage!

GALLIPOLI OAK TREE

Our Gallipoli Oak Tree has been planted in the Primary Campus near the sand pit.

We hope all members of our school community will help to ensure that this very special tree is cared for, particularly during recess and lunch breaks.

Gallipoli Oak Information:-

Small prickly oak trees, known in Australia as *Gallipoli Oaks*, grow along the ridges and valleys of the Gallipoli Peninsula. Acorns were collected by several soldiers during the campaign and sent or brought back to Australia where some were subsequently planted. General (Sir) John Monash wrote to his wife in November 1915:

“I am sending in a separate packet, a few acorns. I have made the discovery that the prickly scrub, with which these hills are covered, and which has inflicted many an unkind scratch on hands, arms and bare knees, is really a species of holly, and bears an acorn, showing that it belongs to the Oak variety. The bush is quite ornate and grows to a height of about 5 feet, much like the ordinary holly with the red berry.”

Captain William Lempriere Winter-Cooke also collected acorns and planted them in 1916 in Victoria at his family property ‘Murndal’ near Hamilton in western Victoria. Several off-springs have been planted from this tree including those at Geelong Grammar, the Royal Botanic Gardens and the Shrine of Remembrance in Melbourne. There are likely to be many trees from these sources growing across Victoria.

YEAR 2 MEASUREMENT

Our Year 2 students have recently been learning and talking about measuring length. First they measured informally, and then they made their own metre rulers. They were aiming to investigate how far it was from their classroom to the office. Firstly, they laid their metre rulers out in a line but they didn’t have enough, so they decided to use trundle wheels. They worked out that it is 84 metres from their classroom to the office. Well done to all students here and our Year 2 teachers!

WHOLE COLLEGE SIMULTANEOUS READING PHOTOS

KIDS WITH COURAGE

Kids with Courage is a seven week program that aims to strengthen primary aged children, together with their family, who might be struggling at school, home or with peer relationships. The program includes themes that build on the child's strengths. In a supportive, fun atmosphere they will explore feelings, set goals, and find positive ways of making changes.

The program runs on Wednesdays, 13th May to 24th June, 2 - 4pm.
Please visit our Primary Office if you wish to collect a pamphlet that includes further information and costing.

P-4 Awards

Congratulations to this week's award winners.

Father - Child Night

When: Thurs 11th June
Time: 6:00pm-7:30pm
Where: Prep-2 Building
Cost: Free!

For Dads (or another significant male) and children in P-2.

Pizza and chips for tea.

This will be a fun night of games and tea for P-2 children with their dads (or another significant male). The purpose of the night is to celebrate and encourage the important role that fathers have in the lives of our children. A personal invitation will be sent home closer to the date.

Scholastic Primary Book Fair

Cheryl Child

Our school Book Fair will run from Monday 15th June until Friday 19th June. It will be held in the 3/4 area in the science room. Times will be:

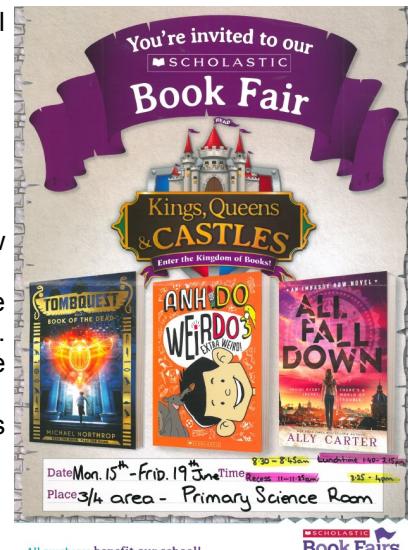

- before school from 8:30 am - 8:45 am
- recess 11:00 am - 11:30 am
- lunch 1:40 pm - 2:15 pm, and
- after school 3:25 pm - 4:00 pm.

If the need is there I will remain open on Tuesday and Thursday during interview times.

With today's newsletter the children will receive a catalogue which shows a sample of items that can be purchased if you are unable to get to the fair or find it easier. Just put the order in a sealed envelope with the student's name on it and it can be handed to the office or dropped in to the fair.

Items for purchase will range from \$1 upwards. There will be some novelty items as well as books to purchase.

I look forward to seeing you there.

Prep News

This week in Prep we are learning about the letter blend 'th'. We also enjoyed learning how to play card games with our Year 6 buddies. We loved playing SNAP, Go Fish and Memory!

Please remember to book your Parent/Teacher Interview online via Compass, and that next week is a short week with Monday being a public holiday and Friday a Pupil Free day. We look forward to seeing you all at Parent/Teacher interviews.

Year 1 News

Students have continued to study information texts about Australian animals. During the Year 1 Buddies time they have completed habitat collages which are now displayed in the P-2 community building. Similarly they have been engaged in quiz challenges during Year 5/6 Buddies time, introducing them to unique Australian animals.

In Mathematics, the students are demonstrating their understanding of addition and subtraction equations. Students are encouraged to solve real-life practical problems, involving adding and/or subtracting numbers to work out solutions. We encourage parents to involve students in number problems like "I went to the shop and bought 10 mandarins and when I reached home I ate two mandarins. How many mandarins did I still have left?"

Last Friday the students were involved in a "Simultaneous Story Reading" (state wide) of the Aaron Blabey book called "The Brother's Quibble". College students from Year 10-12 read the story as the Year P-2 students viewed the story on the iPads. Afterwards, the students watched and listened to other stories both online and in books.

Later that same day some grades enjoyed an informative talk and demonstration on dog handling, when Kel Scott's gran visited with her well-trained dog, Luna. Both the teachers and students alike were impressed by the tricks Luna performed on the day. We could see why Luna was chosen to perform in Echuca; in the recent stage production of Annie.

3/4 News

Teachers are busy assessing children particularly thoroughly during the next week in preparation for reporting to parents. Interviews are coming up very shortly too, which we hope you and your child will find valuable. The online booking system (COMPASS) is up and running, and is a convenient way for you to select a time that suits you. We look forward to catching up with all parents in the next few weeks.

Camp notes went home on last week and already the response slips and \$20 deposits are coming in. Thank you to those parents who have notified their child's teacher that they would like to come as a parent helper – the response has been excellent and most grades will need to have a "draw" to decide who the lucky attendees are. We regret that we cannot take everyone that would like to come, as enthusiastic helpers make an already fantastic trip even better. Please see your child's teacher if you have any questions about the camp.

The Year 3/4 concert will be held on Tuesday 23rd June and Wednesday 24th June. Can we please ask parents to provide a plate of supper to share on one of these nights? **Grade 3/4OL, 3/4TL, 3/4HB will perform on Tuesday night and 3/4 Studio Wednesday night.** Last year the supper was a real highlight of the night, a great opportunity for parents, teachers and students to have a relaxed cuppa and a chat about the concert. A reminder for costumes - all students are asked to be dressed in black pants, plain black leggings, tights or pants, black socks and plain black shoes. 3/4OL, 3/4W, 3/4TL are asked to have a plain white t-shirt and 3/4HB & 3/4M are asked to please wear a plain black t-shirt. Tickets will be on sale at the office on Monday 8th with Adults at \$8 and Students at \$5

On Thursday 11th June all Year 3 and 4 students will be heading to the Northern Oval for our annual Winter Sports Day with St Augustine's and Tongala schools. We hope the weather holds out for us so that we can walk up to the sports grounds and then play eight rounds of games before heading back to school. Games to be played include Capture the Flag, Rapid Fire, Downball, Bat Tennis and Bootball. The two focus points for the day are enjoyment and sportsmanship.

Children will need to be prepared for wintry weather (although we will postpone the day if there is too much rain) so coats will be a must, especially for keeping warm during the food breaks. Students will need to bring along their own food and drink for the day – **no lunch orders!** Parents who would like to come with us to watch are most welcome. The games begin at 10.30am and will continue until 2.30pm.

5/6 News

Winter Sport

We had a fantastic day on Monday competing against and with the students from St Augustine's and Tongala schools in a range of sports and venues. The weather was a chilling introduction to winter, but there was warmth in the way the students socially interacted and competed. It was very encouraging to see the number of parents and family members who assisted on the day or turned up to watch their child compete.

Thanks to Mrs Pearson for her great organisation at our school's end. She is very passionate about sport in the community, and anyone who has had access to this week's Riverine Herald will read first hand the positive influence she has contributed to her community.

Farewell

5/6D (Parkinson/Porch) had a class party yesterday to farewell Miss Parkinson. Her last day teaching for the year is next Tuesday. Rumour has it is that she is going to have a baby!

We would like to wish Emma and her partner Matt all the best for the third addition to their ever growing family. Emma will be missed by not only her students, but also the staff in the 5/6 area, as she does keep some of them organised.

Primary Physical Education

Prep – 2 Gymnastics

For the next five weeks we are focusing on learning the six dominant movement patterns involved in Gymnastics; Static, Locomotion, Spring, Landing, Rotation and Swing. Students will explore these through a variety of activities. They have been fantastic for the first 2 weeks and are building up to being able to perform jumps or “springs” off the mini trampoline with safe landings.

Please ensure children stay off the equipment in the mornings as it can be dangerous if they are unsupervised. Also please note that the two classes currently not doing Gymnastics at the moment will be having their gym program at the beginning of next term. THANK YOU to the 5/6 sports captains for their continual help with packing up the equipment, it is greatly appreciated!

3/4 Athletics

For 10 weeks the grade 3/4 students will focus on learning all of the events that will be in our Athletics Carnival held next term. We will have a different track event and field event focus each week. We will also be talking about exercising regularly and coming up with ways we can increase our active hours. Please encourage them as everyone has been putting in a great effort to improve their fitness.

5/6 Athletics

This will begin soon, with 5/6 students building on what they already know in regards to athletics. They will be focusing on improving their techniques in each of the track and field events in preparation for the District Carnival in term 3.

*****General reminder*****

Please be sure to wear appropriate clothing and footwear on PE days such as shorts or tracksuit pants and runners, and also bring a drink bottle. If students need to, they can change into appropriate clothing prior to their lesson; such clothing must be within the school uniform guidelines.

7-12 Principal Report

Danny Walsh

WHO TO CONTACT AT THE COLLEGE WHEN YOU HAVE A CONCERN OR ISSUE

When making contact with the College, it's important that you are referred to the appropriate person. If you are making contact regarding a question in relation to a class, please contact the classroom/subject teacher. If it's more of a general query or in regard to behaviour, classwork, uniform or absence, please contact the appropriate Year Level Coordinator. The Learning Community Leaders, Viv Thomas (7-9) and Louise Mellington (10-12), can be contacted if the Year Level Coordinator is unavailable or you're not feeling satisfied with the outcome of an issue. Stuart Bott and I are the point of contact in regard to community issues, staff concerns or where you have contacted the appropriate Year Level Coordinator or Learning Community Leader and are still experiencing an issue. In order for issues to be dealt with effectively or for your questions to be answered, it's important that all parents contact the appropriate staff member.

LEARNING CURVE NEWSLETTER ARTICLE

BULLYING : NO WAY !

Bullying is a severe form of harassment that occurs when someone, or a group of people, have power over a student and deliberately upsets or hurts them, damages their property, reputation or social acceptance more than once. The student's inner self has been hurt and they may experience and feel:

- Anxious – when will it happen again?
- Powerless – there's nothing I can do.
- Angry – it's not my fault, why me?
- Frustrated – this is consuming me!
- Embarrassed – are other students watching and what do they think?
- Helpless – no one understands what I'm going through!

Bullying is unacceptable in any shape or form and students must be empowered to speak up until they are heard and action is taken by responsible adults to address the issue. All too often, students lack confidence to confront the issue, feel overpowered by the bully, say nothing and continue to be the subject of bullying. The bully must have this power taken away forever and be counselled on appropriate ways in which to treat others. Explicit conversations about bullying build robust assertive attitudes and growth mindsets in our students.

Students' craving for peer esteem and acceptance means they will often not report bullying. They desperately don't want to lose connections to their group and may see speaking up against bullying as threatening to this. A healthy sense of wellbeing enables students to overcome these concerns.

Building the wellbeing and resilience of our students to not tolerate the bullying of themselves or others will instil valuable lifelong dispositions in them. The intention of this focus on bullying is to initiate capacity building discussions both at home and at school about bullying. These discussions should include many of the considerations following:

- importance of responsibly reporting bullying and harassment for everyone
- dealing with bullies, social skills training and rights and responsibilities
- the need to support those who have been bullied or harassed with empowering strategies
- assertive habits and appropriate responses training for victims of bullying
- anger management strategies, empathetic thinking and restoring focus activities for bullies
- understanding why do bullies bully
- restoring esteem and making things right for the victim

POETRY COMPETITION

Luke Head was the winner of the Campaspe Libraries Poetry Pizzazz Intermediate section (over 150 words) with his poem "Mad Cat Disease". He read this to an audience on Friday night in Echuca and represented Kyabram P-12 College proudly. Congratulations to Luke on a great achievement.

YARD MAINTENANCE WORK

If you are available to assist with clean up/maintenance at the College could you please contact me by email (walsh.daniel.m@edumail.vic.edu.au) or by phoning the College. We have a number of areas that require attention such as painting, pruning, edging and brushcutting.

Survey

Following on from a survey sent to families in 2014 we are continuing to seek input from our families into how we can best communicate with you and have developed a brief survey to assist us with this. The survey can be found at the back of Channels or follow the link

<https://www.surveymonkey.com/s/9F36G9L>

Bulk Calculator Order – before the price rise

Kyabram P-12 College expects that all students in Years 7 – 12 have a functioning calculator and the school policy is that phones and ipods with calculator functions are not considered adequate substitutes. The book listed models are:

Years 7 -10 + VCAL: Texas Instruments TI 30 XB Multiview (recommended although other models are acceptable)

Years 11 & 12 VCE: Texas Instruments TI-nspire CAS (compulsory)

To help students who do not have the correct equipment, the school has arranged a bulk order at a significantly reduced rate. We can offer:

Texas Instruments TI 30 XB Multiview	Cost \$20	(Retailing elsewhere for approximately \$30)
Texas Instruments TI-nspire (CAS)	Cost \$185	(Retailing elsewhere for approximately \$220)
Padded case for CAS calculator	Cost \$5.50	
TI Recharge – a replacement rechargeable battery for the TI-nspire CX		Cost \$16.50
The recharge is only useful if you already have TI-nspire CX and the battery is not working efficiently.		

The offer is open to any students who need a calculator, including those who may like to prepare themselves for VCE studies and beat the expected price rise of about 15%.

Enquiries can be directed to Lisa Stevens or Pam Zuppardo at the Secondary Campus.

Maths Help for Secondary Students in our School

- Year 11 students are generously giving up their time to help junior students with Maths tutoring
 - Where:** the College Library
 - Time:** lunchtimes on Thursday and Friday
 - Cost:** none
 - Contact:** Ms Viv Thomas
- Maths Homework Club is for students at any level who need support
 - Where:** upstairs in the senior building
 - Time:** afterschool Wednesday. Fridays are also available.
 - Cost:** none
 - Contact:** Mrs Lisa Stevens or your child's maths teacher
- Private tutoring for junior students by very capable Year 12 students
 - Where:** to be arranged
 - Time:** as suits the parties involved
 - Cost:** \$20 per hour
 - Contact:** Miss Lainie Lockwood

Echuca Primary Netball Tournament

On Friday 29th May, 16 Year 5/6 students and nine secondary students travelled to Echuca to compete and officiate in the Echuca Primary Netball Tournament. There were 13 courts used all day and over 450 students were involved from the region. It was great to see so many Year 5/6 students enjoying the day.

The day was a great success and all the Year 5/6 girls representing our school showed our school values at all times, along with great sportsmanship and a high skill level.

The Championship team was made up of Tailah Rennie, Sarah Bassett, Jazmin Clark, Elisha Nash, Alisha Gordon, Chloe Kell, Melody Blythman and Maddie Leijen; unfortunately Courtney Mason missed the day due to illness. The team came up against some very strong competition but fought hard to win two games and lose three.

The Year 5 team made up of Olivia Cartwright, Holli Halliwell, Amali Turner, Lily Davies, Ruby Dixon, Shanae Doherty, Jasmine Emery and Charlee Keenen had a very successful day having one draw and five wins, which made them the winners of their section.

A huge thank you to Kylie Dixon who coached the Year 5 team and helped with transportation of students to Echuca. Also it was great to have so many parents cheering the girls on during the day. Congratulations and thank you to the secondary students who umpired many games during the day.

Liz Spicer Meets Rosie Batty

Liz Spicer our Chaplain recently met Australian of the Year, Rosie Batty. Both these remarkable workers have an interest in supporting families affected by domestic violence. In her role as Chaplain at our College, Liz has a history of being a listening ear and practical support link for young people and their families who need encouragement in tough times. This can include the frightening aspect of living in fear of violence in the home. Liz says, "Even country towns have domestic violence. We all need to support families in need."

Liz met up with the inspirational and resilient Rosie Batty when Rosie spoke at the recent State Conference for Mental Health and Wellbeing of Young People. Rosie, who is regularly in the News, rose above her own personal tragedy, when her son was killed in an attack by his own father, to give voice to other victims of domestic violence. She has since taken official roles on advisory bodies and speaks publicly to enable improvements in this disturbing aspect in our society.

Liz and another Kyabram P -12 College representative, Eileen McNeilly, attended the conference to seek further information in their efforts to understand and promote student Well-Being at our school.

COMMUNITY MATTERS

Bendigo Health, Carer Support Services presents

Creating Connections Australia

We invite parents and guardians of children with Autism to attend the following workshops....

Creating an ASD Friendly Environment

Date: Wednesday, 24th June, 2015
Time: Registration: from 8.45am for a 9.15am start
Doors close at 9.15am
Finishes at 12.00noon
Venue: Echuca Regional Health, Education Rooms,
Leichardt Street, Echuca
RSVP: By 12th June, 2015
Bendigo Health, Carer Support Services
Phone: (03)5482 0808

Creating and Using Visual Supports

Date: Wednesday, 24th June, 2015
Time: Registration: from 12.30pm for a 1.00pm start
Doors close at 1.00pm
Finishes at 3.00pm
Venue: Echuca Regional Health, Education Rooms,
Leichardt Street, Echuca
RSVP: By 12th June, 2015
Bendigo Health, Carer Support Services
Phone: (03)5482 0808

Places are limited. You are welcome to attend one or both of the sessions. Please book your workshop attendance by contacting:

Carer Support Services
Phone: (03) 5482 0808

Workshop Facilitators

Education Consultants specialising in Autism Spectrum

Sherri Cincotta
BEd Grad Cert Dip Stud

Elissa Plumridge
BBus Grad Dip Ed

With an extensive background in education and parent to three children on the Autism Spectrum, Sherri brings ASD experience and expertise from both a professional and personal perspective.

Elissa's own lived experience on the Autism Spectrum combines with professional expertise in the areas of education and disability support to provide valuable insight for supporting those with diverse needs.

Some Feedback from Previous Workshops

"Fantastic presenters, very knowledgeable and engaging" (David)
"Easy to understand...friendly & relaxed" (Jenny)
