

Dear Parents
and Friends,

I wish to extend an invitation to you to visit our college where you will have the opportunity to see children learning in a variety of classroom settings.

Our college is strongly committed to its aim of being a welcoming, caring and safe place to educate children, with quality teaching and learning in evidence across all levels from Prep to Year 12. The progress and wellbeing of each individual student guides the operation of our college, the decisions we make and the processes we follow. Our values of Respect, Responsibility, Resilience, Doing Your Best and Community are central to our college culture and we ensure that these values are upheld in our college community.

At Kyabram P-12 College we have the privilege of teaching students from the start of their schooling life through to their future pathway, be it an apprenticeship, TAFE, university and/or the workforce. All staff members are actively involved in ensuring that the programs we offer are stimulating and inspiring and in line with best practices and new initiatives.

We look forward to meeting with you and proudly showing you around our college.

Yours sincerely,

Marina Walsh
Marina Walsh
College Principal

Excellence Through Opportunity

At Kyabram P-12 College we offer the following:

- A focus on literacy, numeracy and student wellbeing
- Catering for every child's learning needs
- A wellbeing team to assist students and families with wellbeing needs.
- An after-school care program which caters for primary aged students and operates each school day from 3:20pm to 5:45pm.

A range of extra-curricular programs offered at Kyabram P-12 College include the following:

- Performing Arts, which includes an Instrumental Music program, and musical productions
- Visual Arts, which offers students opportunities to develop creative attitudes, skills, and knowledge of self-expression through a personal development journey
- Student Enrichment, which empowers students to thrive academically through activities such as debating, leadership opportunities and public speaking.
- Participation in individual and team sports competitions
- A camps and excursions program which provides exciting opportunities for students to experience visits to support their learning.
- Opportunities for parent participation (classroom, excursion and sport helpers, College Council, Parents' Club, canteen)

Kyabram P-12 College also offer a range of courses and subjects, leading to post-school pathways.

At the Senior level we offer:

- The Victorian Certificate of Education Vocational Major (VCE VM)
- The Victorian Pathways Certificate (VPC)
- Vocational Education and Training (VET) in the VCE program combines general VCE studies with vocational training and experience in the workplace
- Year 10 Applied Learning course tailored to improve student work readiness.
- A range of pathways to cater for diverse student needs

We go above and beyond as a Registered Training Organisation, we offer specialised technology classes in Building and Construction, Engineering, Automotive, Agriculture and Firefighting Operations. We also offer a wide range of VET subjects in partnership with GOTAFE.

EDUCATION WEEK 2023

Active Learners: Move, Make, Motivate

This year, Education Week runs from Sunday 14 to Saturday 20 May.

The theme 'Active Learners: Move, Make, Motivate' celebrates the many ways students learn, through physical activity, hands on learning and student voice.

Education Week is an opportunity for our school to celebrate and share with you how we encourage our students to be active learners.

Kyabram P-12 College will celebrate Education Week with a series of engaging learning activities that encourage community involvement and celebrate active learners. Students will participate in interactive workshops, hands-on learning experiences, and collaborative projects that showcase their skills and achievements. The week's festivities will culminate in a community showcase event where students, teachers, and families can come together to celebrate the power of education and learning.
